

SHIPBOARD CABLE

HIEN'S CABLE

The marine cables market requires high-performance specialty wire and cable for utmost safety, productivity and resistance to harsh environmental conditions.

The development of unique compounds is designed and tested to meet specific needs and

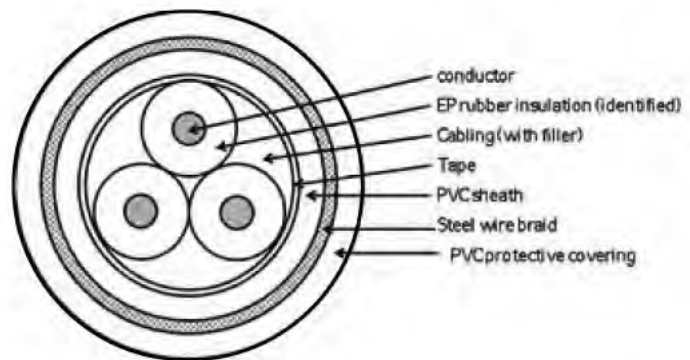

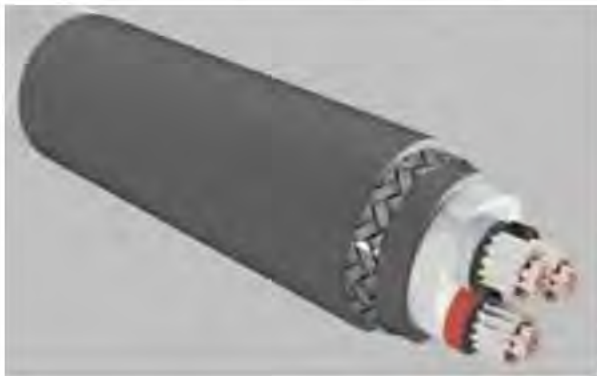

stringent specifications.

We can provide the range of shipboard cables, power, control, instrumentation, data transmission and communication.

You can attach high performance characteristics on cables. (Cold resistant, Fire resistant, Oil resistant and more)

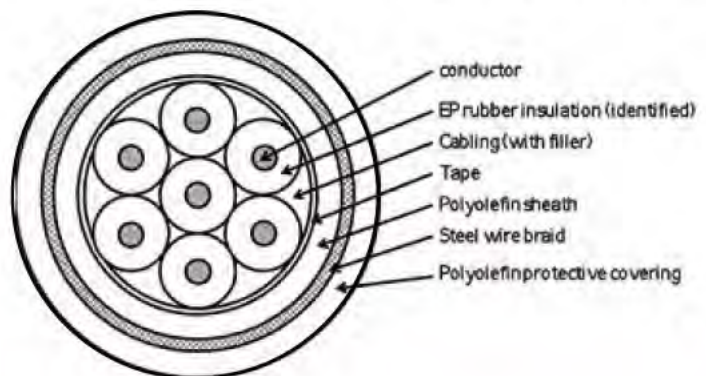

JIS TYPE cables

- for Power & Lighting cable
0.6/1kV FA-TPYCY-70
(Three core, EP rubber insulated, PVC sheathed and steel wire braided cable with PVC protective covering)

Halogen-free Flame-retardant cables

- for Control & Instrumental Multi core cable
150/250V FA-MPOCO-7×1.0
(Multi core, EP rubber insulated, Polyolefin sheathed and steel wire braided cable with Polyolefin protective covering)
